Player Registration

Welcome to Sporting California USA Ventura County

Please follow the steps below to register your player with our Elite Soccer Clubs Systems

1. Every player must register for tryouts on our online Portal System. This simply gets your player information in our system so we can send you an official team invite to register once the rosters are set. sportingcaventura.elitesoccerclubs.com

Example:

Once you have Registered for Tryouts and are in our system, you will receive a confirmation email that your tryout has been received.

The email you use for tryout registration will be the one that all club correspondence will be sent to.

The Coach of your team will then send the club a list of players they would like to invite to their team. If your name is on the list and you have completed tryout registration, you will receive an Email Invitation from Elite Soccer Clubs to join the team and complete your official player registration. Please check your spam/junk emails, as it will sometimes go there.

2. In the Email Invitation, you will receive your Welcome from Sporting CA USA and your team information. You must click on the link in that email to begin your registration.

Example:
